**WELCOME TO “REAL LIVING” AT THE  
TOWNEPLACE SUITES FT. LAUDERDALE (FL)**

Ft. Lauderdale, FL (October 6, 2008) –

The TownePlace Suites in Ft. Lauderdale, FL has completed major changes as part of an exciting Marriott brand initiative featuring “the home office.” As part of the brand’s newest guestroom innovation, this popular extended stay hotel has been updated to meet the needs of a growing segment of long term stay hotel travelers who want to settle in and maintain their routines while on the road. The changes have included a completely redesigned lobby and interaction space, upgrades to every room and an exciting exterior color scheme. Each suite offers travelers a truly functional and effective work area so that they can be successful on the road, while also getting a great night’s sleep. Adding that “it’s the little touches which make a difference,” General Manager Tony Sherwood states, “Every room is a suite with functional space for living and working. The “Home Office” is innovatively designed offering guests the ability to spread out with plenty of flexible space and storage to make it their own.”

“Our friendly “hello” signage and warm red carpet will welcome each of our guests to the hotel lobby and check-in area,” states Sherwood, “Our focal point where guests and staff interact is a floor-to-ceiling TowneMap (R) featuring area restaurants, grocery stores and recreation.” Additionally guests are able to cool off in the beautiful outdoor pool, select a variety of food and beverage items from the “In a Pinch” Express Market, enjoy complimentary coffee and work out in the exercise room, 24-hours a day. Guests can also take advantage of free WiFi, and access to the exclusive “connection center” complete with PCs & printer.

Each modern suite features a full kitchen with modern appliances and granite countertops, adjustable work space with built-in shelves and lighting, a large TV and Marriott's luxurious new bedding allowing each guest the perfect environment to work or relax. Housekeeping can also be tailored each day of the week for a full-clean or just a refresh.
